Conference Introduction

2022 3rd International Conference on Big Data Mining and Information Processing will be held in Xiamen, July 8-10, 2022, which is organized by Xiamen University Tan Kah Kee College and sponsored by Engineering Technology Development and Innovation Society(ETDIS). It aims to provide a forum for researchers, practitioners, and professionals from the industry, academia and government working in data mining and information processing to discourse on research and development, professional practice in related fields.

BDMIP is also the Annual Meeting, so it also brings authors and committees together to communicate face-to-face and discuss their latest research results every year.

Department of Information and
Computational Science,
Xiamen University Tan Kah
Kee College, China

Dr./Prof. Akash Rajak
KIET Group of
Institutions, Delhi-NCR,
Ghaziabad, India

Dr. Mohammed Abdul Bari
HOD & Associate Professor in
CSE Department, ISL Engineering
College, India

Topics

CONFERENCE TOPICS AND SCOPE WILL INCLUDE BUT ARE NOT LIMITED TO:

Big Data Mining and Analysis
Big Data Models and Algorithms
Foundational Models for Big Data
Big Data in Mobile and Pervasive Computing Big Data Quality and Provenance Control
Management Issues of Social Network Big Data Data and Information Processing
Parallel and Distributed Computing Pattern Recognition
Reconfigurable Computing Systems Ubiquitous Computing
Wireless Sensor Networks
Wireless Communication and Mobile Computing Data Communications
Data Compression Data Encryption
